

**FAAS**Team presents:

## **CFI Roundtable Discussion**

Riverside FSDO will be holding an aviation round-table discussion for all CFIs and interested parties. Here is your chance to have all of your questions answered by FAA Aviation Safety Inspectors (ASIs) and Designated Pilot Examiners (DPEs) concerning pilot logbook endorsements required by current 14 CFR Part 61 and Advisory Circular (AC) 61.65 (as amended); the foreign pilot certification process; the pilot's bill of rights (PBR); FAA surveillance and oversight responsibilities - what and why the FAA does what it does. And any other questions and/or concerns you believe needs to be address. FAA inspectors would also like to take this opportunity to discuss a rise in reported pilot deviations (PDs) involving VIP Temporary Flight Restrictions (TFRs) and intrusion into control airspace without prior approval. Time permitting the FSDO will also discuss the pilot's responsibility for determining whether an aircraft is in condition for safe flight and what to do when unairworthy mechanical, electrical, or structural conditions occur. This is a perfect opportunity to have your questions answered by FAA Inspectors. You do not want to miss this event.

**Directions:** See attached map.

## Event Details

**Wed, Jun 3, 2015 - 19:00 PDT**

**Riverside Municipal Airport**

6951 Flight Road

Terminal Bldg

Riverside, CA 92504
